### MINUTES:

#### Welcome

Chairman Buzz Henifin started the meeting at 3:35 p.m. and welcomed those in attendance, which was followed by the Pledge of Allegiance.

#### Announcements

Those present were informed of an upcoming meeting of the House Natural Resources Committee in Dover related to the Pollution Control Strategy; the Mariner's Bethel U.M. Church Coffeehouse in Ocean View, with proceeds benefiting the CIB; and the Native Plant Sale at the James Farm Ecological Preserve.

#### Center for the Inland Bays Update

Ed Lewandowski, Executive Director, gave a brief presentation on recent activities at the CIB.

### **Citizens' Advisory Committee**

Buzz Henifin, CAC Chair, gave a brief presentation on the history, organizational structure, CAC's relationship to the Board of Directors, and future of the CAC. A question was brought up at the end of his presentation regarding a slide that summarized a legal opinion about the issue of the CAC and advocacy. It was asked if it was possible to get another legal opinion and if there were examples of what the CAC was able to do? It was also questioned, that since the Board of Directors only meets quarterly, will they be able to react quickly enough on issues brought up before the CAC?

### **Introductions**

Each person attending the meeting introduced themselves and told those present a little bit about why they are interested in being a part of the CAC.

### **Inland Bays Wetland Study**

Chris Bason, Wetland Project Leader/Science & Technical Coordinator, gave a presentation on the ongoing wetland study and informed those present of possible volunteer opportunities.

### **Old Business**

There was no old business brought up for discussion.

### **New Business**

There was no new business brought up for discussion.

### **Next Meeting**

The date for the next meeting will be June 9, 2005 with a location to be determined.

### **Adjournment**

At 5:35 p.m., the meeting was adjourned.
